

Mentor Handout 5.5: Responding to marking

Thank you for the effort you put into your assessment. It is really important that you understand my comments on your work so that you:

- Reflect on your work
- Understand your strengths
- Identify areas to improve
- Can make progress.

1. Please read through your work and correct any literacy errors. Write one spelling mistake here and write it out correctly three times.

2. Look at the questions I have written on your work.

3. Write down in your own words what you are doing well in the topic.

4. Use the target codes to write down in your own words what you need to do to improve.

5. Choose two questions and answer them in detail here:

6. Do you have any questions that will help you further?
